

Preting Consulting - ISO Certification

FOR IMMEDIATE RELEASE

Preting Consulting Achieves ISO 9001 Certification

Alexandria, Virginia - November 20, 2018 Preting Consulting, an industry leader in Government Services is pleased to announce today that it has earned ISO 9001 certification. The comprehensive system audits covered every aspect of operations.

"Any company that has been through the certification process knows that achieving ISO 9001 certification is demanding," said Beth Inglis, Managing Partner of Preting Consulting. "Each individual in our operations must be wholly dedicated to the pursuit of quality. By scrutinizing our enterprise at every level, we assure that our customers are receiving superior customer service and the highest quality products."

ISO 9001 is a quality management system standard that was developed by the International Organization for Standardization, which is an association of governmental and nongovernmental organizations from many countries. The ISO 9001 standard is utilized to certify quality management systems that focus on continuous improvement, customer satisfaction and the active involvement of both management and employees in a process based approach.

"Fulfilling the strict requirements of the ISO 9001 standard highlights our focus and commitment to deliver total customer satisfaction," Beth said.

About Preting Consulting

Preting Consulting is a privately-owned company founded in 2011 by a unique mix of national security professionals who have extensive experience protecting vital interests. We combine the ingenuity of the intelligence community with the flexibility and innovation of the commercial sectors to provide you with insightful, forward-focused solutions. Preting Consulting gravitates towards "niches" and specialized markets, where we have built strategic partnerships, resulting in an unprecedented range of expertise to ensure the best possible scenario for your company.
